Resourcefulness

I have a degree in Computer science from Vigo University.

In 2017 I got into Cloud Computing and I've been working with: Docker, K8s, Istio, Terraform, Helm, Jenkins.

I have hands-on experience in technical support and system administration, especially with GCP.

Experience

FonYou [Jul 2021 - now] Cloud Sysadmin

Deployment, operation and support for cloud-based production systems, ensuring the availability, performance, scalability and security of the systems.

Automation of processes and operations + support and maintenance of company-developed applications.

Google through Webhelp [Jan 2019 - June 2021]

Subject Matter Expert

Help customers troubleshoot and fix GCP integrations.

Bug reporting (internal tools), and bug quality review.

Mentor and guide colleagues to improve the support service quality, within SLAs and SLOs.

Create, improve and maintain internal documentation.

Internal training for the infrastructure team.

Google through Sellbytel [Aug 2017 - Jan 2019]

Technical Solutions Representative

Triage, diagnosis and solution of issues related to services of customers hosted in GCP, through email, phone and Hangouts.

Experience with a Salesforce-based ticketing system.

Technologies: GCE, GKE, VPC networks, Container Registry, Deployment manager, Pub/Sub, GCP APIs, IAM & Security.

Languages

Spanish - native
English - proficient

Education

Computer science degree
at [UVigo](#) [2012 - 2016]
Final project
[pauloba/latch-plugin-mediawiki](#)

*High level trade school,
Computer Programming*
at [CPR Daniel Castelao](#)
[2003 - 2005]

*Professional training course:
Java Programmer and analyst*
11 months [2011]

Experience

Enxendra Technologies [Nov 2016 – Apr 2017]

Level 2 support and QA unit testing

Patch deployment, UNIX sysadmin (syslog, tomcat, crontab, ssh).

Java unit testing with Groovy and Spock.

Experience with the Atlassian stack: Jira, confluence, bitbucket.

Technologies: docker, IntelliJ, eclipse, SoapUI, postman, MySQL, Java, Ant, Maven, SpringBoot, Groovy and Spock.

Telefónica Security Op. Center

[Nov 2015 - Oct 2016] Level 2 security technician

Coordination with CSIRT / CERT, ISPs, web hostings, registrars and registrants to stop and prevent global fraud attempts.
